Marriage is a sacred rite through which a man subjects himself to a perpetual cross-examination.

Men wish to talk about their work, women about their neighbors. And both are pretty tiresome.

## Truck Replaced Three Teams

In eleven months this three-ton KisselKar Truck covered in actual service 4,760 miles at a fuel cost of \$1.08 per day. Manned by a driver and one helper, it replaced three teams of horses. The average daily burden was 37 17.20ths ton carried an average load of four tons—one ton overload—but in the entire period named, was laid up only two and one-half hours for repairs.

"We can recommend the KisselKar Truck and assure that it lives up to its guarantee," writes Thomas E. Fleischer, manager of the Sheboygan Lime Works. Two and one-half hours for repairs, carrying over 37 tons per day is a record worthy of notice. KisselKar Trucks cost little to maintain and are economical to operate because the problem is solved in KisselKar construction.

Note these striking KisselKar features—Simple engine—easy to operate—reserve power—excess capacity—differential lock preventing one drive wheel absorbing all the power on slippery places, and stalling the truck—four speed transmitters geared up—fourth speed permitting high speed when desired without racing engine; 15 to 20 per cent. lower fuel consumption than average trucks—light spring suspension for power plant, heavy spring suspension for load—gauge that weighs load—greatest accessibility—easy control—larger brake drums, and extra powerful brakes—special bodies designed to meet every need.

**KisselKar Service** means taking off your hands all of the mechanical details. A special service building is maintained in this city for the benefit of KisselKar owners. The KisselKar service is a broad and comprehensive arrangement between manufacturer and owners that cares for the car, maintains efficiency, retards depreciation and minimizes upkeep. This service is a valuable consideration in the purchase of a power wagon. Investigate it.

If we told you of a crop which brought a **CASH INCOME** the year around, made the soil richer every year and required no skilled labor to handle it,

**Wouldn't That Be The Crop For You?**

You have this opportunity. The Tri-State Butter Company, Cincinnati, Ohio, will buy your cream the year around, pay spot cash for every shipment and give you a market that is responsible, safe and permanent, and proven so to more than 5,000 shippers.

No skilled labor is required to ship cream. Separate the milk, ship when convenient to you—twice a week in the summer season and not quite so often in the winter time.

Every cow will pay cash for what she eats, yielding a revenue of from \$50.00 to \$90.00 per year, besides adding \$25.00 worth of fertility to your soil.
